University of Hong Kong

ABOUT UNIVERSITY OF HONG KONG

Established in 1911, the University of Hong Kong (HKU) is the territory's oldest institute of higher learning and also an internationally recognized, research led, comprehensive university. While recognising the strength of its heritage and traditions, HKU also engages in frontier research and academic endeavours that reflect and address the needs of a fast changing, knowledge-based world.

MEDICAL BACTERIOLOGY

Bio

Elisabeth Bik is a Science Editor at uBiome, a company that develops microbiome sequencing analysis kits for consumers and clinicians. She received her PhD at Utrecht University in The Netherlands and worked at the Dutch National Institute for Health and the St. Antonius Hospital in Nieuwegein. In 2001, she joined Stanford University's School of Medicine, where she worked on the characterization of the human microbiome in thousands of oral, gastric, and intestinal samples. In addition, she analyzed the microbiota of marine mammals, in particular that of dolphins and sea lions. When she is not in the lab, she can be found working on her blog www.microbiomedigest.com, an almost daily compilation of scientific papers in the rapidly growing microbiome field, or on Twitter at @MicrobiomDigest. She is also interested in the detection of plagiarism and image duplications and manipulations in the published biomedical literature, and currently peer reviews 30 to 40 manuscripts per year.

publons

Easy to add publications to your profile

1. Import publications directly from *Web of Science* via your Private Dashboard.
2. Import publications from ORCID, DOI/title search, or by file upload
3. Validate which publications are yours and add them to your profile.

The image displays two screenshots of the Publons Private Dashboard, illustrating the process of adding publications to a profile.

Left Screenshot: Private Dashboard - Import Publications

This screenshot shows the 'Import Publications' page for a user named Tiago Barros. The page has a sidebar with navigation links: Me, My records, Activity, and Community. The main content area has a section titled 'Import from Web of Science (complimentary access for Publons users)' with a button 'SEE MY WEB OF SCIENCE PUBLICATIONS'. Below this, there are three options: 'Import from ORCID', 'Search and import by DOI or title', and 'Import by file upload (RIS, CSV, or BIBTEX)'. A purple arrow points from the first step of the list to the 'SEE MY WEB OF SCIENCE PUBLICATIONS' button.

Right Screenshot: Private Dashboard - Confirm Publications

This screenshot shows the 'Confirm Publications' page for a user named Andrew R. H. Preston. The page displays a list of publications found in Web of Science matching the user's email addresses and publishing names. The results are filtered by publication year, institution, or author name. The 'Years Published' filter shows years 1987 through 1993, with 1987, 1988, and 1992 selected. The 'Institutions' filter shows 'Boston Univ' selected. The 'Author Names' filter shows 'PRESTON, AR' selected. Below the filters, there is a table of results with columns: SELECT, DATE, TITLE, and JOURNAL/CONFERENCE. The table shows two results: one from 1992 titled 'DISLOCATION CONTRAST IN LARGE-ANGLE C...' and one from 1988 titled 'POLARITY DETERMINATION IN GAAS BY MAT...'. A purple arrow points from the third step of the list to the 'IMPORT SELECTED PUBLICATIONS' button.

Claim your publications from *Web of Science*

Claim your publications directly from *Web of Science* and export to your Publons profile.

Note: If you have a pop-up blocker, you will need to disable this to be able to claim your publications from within Web of Science.

The screenshot displays the Web of Science interface. At the top, a navigation bar includes links to Web of Science, InCites, Journal Citation Reports, Essential Science Indicators, EndNote, Publons, and Kopernio. The main header shows 'Web of Science' and a search bar. Below the search bar, a results summary indicates 'Results: 32,723 (from Web of Science Core Collection)' and shows the search criteria 'TOPIC: (gills)'. A 'Create Alert' button is visible. The 'Refine Results' section on the left allows filtering by 'Highly Cited in Field (54)' and 'Hot Papers in Field (1)'. The main results area shows two entries. The first entry, 'Bioenergetic responses of fresh temperature regime' by Falfushynska, Halina I.; Gnatysh, is selected, and a context menu is open over it. The menu options include 'Save to EndNote online', 'Save to EndNote desktop', 'Claim on Publons - track citations' (highlighted), 'Save to FECYT CVN', 'Save to InCites', 'Save to Other File Formats', and 'Save to RefWorks'. The second entry, 'Pharmaceuticals, illicit drugs and their metabolites in fish from Argentina: Implications for protected areas influenced by urbanization' by Ondarza, Paola M.; Haddad, Samuel P.; Avigliano, Esteban; et al., is also visible. The interface includes various icons for document actions and a 'Full Text from Publisher' link.

HANDLING EDITOR RECORDS	3

Profile updated with verified review record
(No sensitive information is displayed)

Add reviews and editorial records for non-partnered journals

We verify these records behind the scenes and add the records to your profile.

How to find and add old reviews

The quickest way to add past reviews to your profile is to forward 'receipts' for those reviews to reviews@publons.com.

Review receipts are emails from an editor on receipt of your review, *not* invitations to review.

Search your inbox for these receipts using the steps below

- 1 Go to your inbox and search these common terms:
"Thank you for reviewing (journal name)"
"Your review for (journal name)"
"Review received (journal name)" 
- 2 Copy and paste the text from any receipts you find into your search box to look for more receipts that use the same terms. 
- 3 Forward each message you find to reviews@publons.com and you're done! We'll verify your reviews with the journal and add them to your profile. 

Forward your review receipts to us as often as you like. Check our FAQs or email us at info@publons.com for more information.

- Email review receipts ('Thank you for reviewing emails) to reviews@publons.com
- Manually enter review details from your private dashboard.

Display your editorial and peer review history

Editorial board memberships.

Number of manuscripts handled as an editor for different journals.

Count of verified reviews performed for different journals.

Note: Publons works in full compliance with journal review policies and only reveals information about reviewed manuscripts that is permitted by the publisher and reviewer.

The screenshot displays the Publons profile for Elisabeth M. Bik, a Science Editor at Research, uBiome. The profile includes a summary of her metrics: 24 publications, 7,194 total times cited, an H-index of 18, 156 verified reviews, and 3 handling editor records. The 'Verified Editorial Board Memberships' section lists three journals: Microbiome (3), The ISME Journal (34), and Frontiers in Microbiology (9). The 'Editorial records (manuscripts handled as editor)' section shows one record for Microbiome (3). The 'Journals reviewed for' section lists ten journals with the number of reviews performed: The ISME Journal (34), Journal of Applied Microbiology (11), Scientific Reports (8), Nature Communications (5), Dental Research Journal (4), Plos One (20), Frontiers in Microbiology (9), Applied and Environmental Microbiology (7), Clinical and Translational Gastroenterology (4), and Pediatrics (4). The 'Open pre-publication reviews' section shows one review for 'Self-Sampling for HPV Testing: Increased Cervical Cancer Screening Participation and Incorporation in International Screening Programs' from Preprints.org, reviewed in May 2018.

A photograph of a collaborative workspace with a blue tint. Several people are gathered around a large wooden table, reviewing documents and charts. One person's hand is visible, pointing at a document. The table is covered with various papers, including a large chart with a grid and a pie chart, and several sticky notes. A laptop is visible on the right side of the table. The overall atmosphere is professional and collaborative.

BECOME A MASTER OF PEER REVIEW

The Publons Academy

An online, practical peer review training course.

- Learn the core competencies for peer review through 10 modules — developed together with world renowned researchers and Nobel Prize winners;
- Practice writing reviews and hone your academic writing skills to impress editors;
- Benefit from exclusive guidance, resources and examples;
- Get endorsed from your very own Publons Academy supervisor;
- Receive an official graduation certificate certifying your skills as a master of peer review in your field;
- Express interest in reviewing for journals in your field and put yourself forward for editorial board membership;
- Free for individual researchers.
